STUDENTS' SATISFACTION SURVEY (SSS)

Year/Session: 2019-2020

Students' satisfaction Survey (SSS) is one of the very important aspects for upliftment and development of the college because from the survey the shortcomings of different aspects of the college come into focus. Hence SSS is necessary, and for the said purpose, the college develops a questionnaire on all the aspects of the college like curricular, co-curricular, administrative, environmental, physical, etc. in every year. In the academic session 2019-2020, a questionnaire was developed covering 16 questions on five-point Likert scale covering all the important aspects of the college. The questionnaires were then distributed among the students and was given a week time to answer them. After the stipulated time, the questionnaires were collected from the students. Generally, the college authority assigns the tasks of analysing the data to some faculty members. The data are analysed in the percentage form, and on the basis of the outcomes, plans for upgrading and development is done by the college authority and IQAC. The analysis of the responses are presented below.

1. The infrastructure of my college and my classroom

Excellent	Good	Average	Below Average	Poor
98	256	44	10	05
