STUDENTS' SATISFACTION SURVEY 2022-2023

For the academic session 2022-2023, the questionnaire for students' satisfaction survey has been developed with twenty numbers of questions covering different aspects of the college like academic, administrative, physical, environmental, etc. Likert's five-point rating scale was adopted to categorise the responses. The questionnaires were distributed among the students giving them a week to answer the questionnaires. After the given time was over, the questionnaires were collected back and analysed by the IQAC of the college. Based on the findings, the college authority along with the IQAC, have undertaken corrective/improvement measures where necessary. The findings of the survey are presented below.
